

SERIIUS Fellows and Scholars – 2014

A joint India-U.S. research consortium funded under the *Joint Clean Energy Research & Development Center (JCERDC)*

Scientific Achievement:

SERIIUS and the McDonnell Academy Global Energy & Environmental Partnership (MAGEEP), with funds from SunEdison, will support the second year of SERIIUS Fellows and Scholars.

Significance and Impact:

Enhanced India-US collaborations through research exchanges and workforce development.

Research Details:

- This competitive program was announced through the SERIIUS web gateway (www.seriius.org).
- Applications were due April 7, 2014.
- A panel of researchers and technical advisors selected seven applications for funding.
- The SERIIUS Newsletter will highlight research progress.
